Declaration of submission of relieving letter

To,
Deloitte Consulting India Private Limited

I, Paplesh Kumar Gour, have joined Deloitte Consulting India Private Limited ("Company") on 20-Jul-20. The last working day with my previous employer was on NA and I have not been able to provide the relieving letter from my previous employer to the Company.

I shall endeavor to submit such relieving letter by NA to the Company.

Further, I understand that due to the non-submission of the above-mentioned relieving letter from my previous organization, the Company may not be able to complete the mandatory background verification process and likely that I will not be assigned for client engagements which requires mandatory background verification done and due to which I may not be able to be staffed on such engagement until I have provided required documents and the background verification has been completed.

I take complete responsibility for all implications (including but not limited to legal implications and / or termination of employment with the Company) which may arise as a result of non-submission of the documents / non-completion of the background check process, as per the policies / guidelines of the Company.

Thanking you,

Signature: *Paplesh Kumar Gour*
